Fire Wrecks Store Building

At 3:50 Wednesday morning, an alarm of fire called out the brigade to the old Royal Bank building on Railway St., occupied by Selby's White Lunch, and Dandy, the tailor. This is a large frame iron-clad building, and when the brigade got there the fire had made much progress. Three minutes from the time the alarm was turned in the chemical was on the scene, and held the fire down until the fire engine got into operation. In ten minutes the fire was out, three being a plentiful supply of water, and the building was flooded from top to bottom. The brigade deserves great credit for their good work in this instance, which averted what might have been a most disastrous fire.

The building belongs to J. G. Connell, who reports that insurance will cover the damage. The Selby stock was damaged, and is covered by an insurance policy of \$1000. An inmate of the building had \$250 policy on personal effects.

It is not known how the fire started, but the adjusters who were here on Wednesday decided that an investigation should be made, and the investigator from the A.P.F. has been sent for.

Notes of the Fire
The insurance adjuster on investigating the fire found a lot of rags soaked with coal oil in one of the upper rooms of the building.

J. G. Connell wishes to thank the brigade for the splendid work done in saving his building, never having seen a more prompt response to an alarm, nor more effective fire fighting.

The fire boys are wondering what was the matter with "Casey" and "Jimmy" that they were late in showing up.

Charlie Carter says he is evidently in a warm corner—two fires in a month he is convinced is much too much.

What might easily have been a serious fire was closely averted this morning at about 11 o'clock. A party while burning some rubbish in the yard permitted the fire to get out of control, and with a fair wind blowing the tall grass on the prairie south of town caught fire, and endangered the house owned by Mrs. McLaughlin. The fire approached within ten feet of the house and caught the spruce trees the branches of which were almost touching the house. In the space of a minute or so the house would have been ignited. A neighbor heard the crackling of the fire in the trees and immediately sent in the alarm, and owing to the quick work on the part of the brigade the fire was quickly extinguished.

—From the Edmonton Bulletin:
Miss E. E. Dodd, B.Sc., and women members of the graduating class at the University of Alberta were hostesses to members of the board of governors, the senate and the staff of the University in Pembina Hall on Monday afternoon. His Honor Lieutenant Governor and Mrs. Egbert presided over the gathering with their presence. The cozy tea rooms were decorated with small rose trees in full bloom. Miss Dodd was assisted by Miss Jean Campbell, vice-president of the class, in receiving the guests. Members of the graduating class assisted in serving.

The tea was followed by an informal dance in the evening.

AT THE REX

Friday and Saturday, May 10th at 11th
Milton Sills and Maria Corda in a new kind of action romance story, "Love and the Devil". Sills is an adventurer, explorer and laughed at the dangers of the jungle. But how he feared the danger of a woman's kiss. To save his life, he must discover the name of the woman he loves. To prove his wife's dishonor would prove his own innocence. See what happens, it's a surprise climax you'll never guess.

Monday and Tuesday
At time of going to press we are unable to announce title of the picture for next Monday and Tuesday, but you can always be sure of a good picture and good music at the Rex. For its home of good pictures and good music.

Come May 22, 23 and 25
The big special attraction, "Abbie Hoffman Ross," at a dandy.

CHILDREN AND CRIME

As we pick up our morning papers, daily we are more and more impressed with the unhappy fact of crime.

The fact that crime seems to be a specialty of youth.
The robberies, murders, sex crimes, property crimes which are taking place in the world are being perpetrated by youth, and not by hardened, aged criminals.

We thought when we got through the World War we should have been better off, but not so. The refusal of a small portion of the people to play life's game in harmony with the best judgment of the majority. The insistence upon the part of the small minority that will not regard laws made by the majority is here taken in the aggregate, costing us every 18 months as much money as we owed at the end of the War. Of course that vast sum includes not only the amount of property damaged in robberies, but it includes the economic loss to the nation from those persons who refuse to play the game of life in accordance with the rules. We lose their productive value, which we suffer from their destructive habits.

Extensive and Thorough Survey Made
That work of diagnosis has been done for the last three years by organized Social Service League. Three thousand and sixty five convicted persons were studied. I mean by that, when the guilt of those persons was determined there was placed in the cell with them, some diplomatic person who worked his or her way into their innermost lives and emerged therefrom after studies ranging all the way from days to weeks with all the facts in connection with them, checked as to accuracy by three generations, until it was possible to lay out a chart of the real life story of these 3666 convicted persons.

Here are the findings
80 per cent. of them came from broken homes; 96 per cent. of them were male persons; the average age of these persons were under 21 years. These figures do not include anybody from the juvenile courts. The minimum age of any of the 3666 persons has 16 years. I am dealing only with those in the Court of General Sessions.

One per cent had to be college. Nine per cent had been in high school. 50 per cent had never been beyond the third grade; seventy five per cent. had no occupation at the time they were arrested; nor for a reasonable time before their arrest; sixty per cent of the persons had never in their lives had any contact with any organized religion.

The fact that there is a great amount of youth with those common characteristics is the root of our difficulty in criminology. I know of only

one human instrumentality within the reach of the people by which the condition may easily be prevented among our own children, and that is a membership in the Loyal Order of Moose.

This fraternity gives to the widow where the home is broken by the death of the husband the closest approach to an indemnity, covering losses she has sustained that humanity has so far ever been able to evolve.

I take it, that it is our bounden duty not only to invite every man who is a white Caucasian and who is eligible and is decent, to affiliate with this fraternity. Anxious of men and women, banded together are bringing about the correction of suffering among hundreds of thousands of dependent boys and girls who are annually being thrown into the great mass of human souls that are finding their way into jails, asylums, penitentiaries and even into the death chamber.

WHY? Because the fathers and mothers of these children died, leaving no protection.

There is not a question of doubt in my mind, or in the minds of the men who guide the destinies of this great fraternity, but that in the not far distant future we shall have established in every city and hamlet in the civilized world a unit of the Loyal Order of Moose.

In another five years our membership will be more than three times as great as the present number (close to one million). We shall soon have every Minister of the Gospel preaching the sermon of true religion as practiced by the Loyal Order of Moose as our profound belief. The Loyal Order of Moose invites every father, mother, son and daughter to join Lacombe lodge, which has thrown the doors of fraternalism wide open to accept anyone who wants to avail himself of the Greatest Fraternal Benefit Organization that the World has ever known.

We are keeping 508 Old Aged Persons, 3000 Children, Educating and Protecting from want, poverty or starvation. At all times you are secure in the protection of a leading fraternity that has spent millions to help its members.

lar being to get the wool into nice shape for shearing. Furthermore, there is nothing to be gained financially in selling washed wool as against unwashed.

Shearing should be done in dry weather on a reasonably warm day, and by all means on a clean floor or piece of canvas. Before taking off the regular fleece, all heavy and badly stained tag locks should be trimmed off. After shearing, the fleece should be spread on the floor, flesh side down, the sides folded in and rolled firmly from brisk to neck so that the best parts of the fleece which are over the shoulder and heart girth, show on the outside of the package.

Wool officials are opposed to tying with binder twine, pointing out that this, like the tufts of black or grey hairs which should not be included with the fleeces, will not be the dye when the wool is processed, and therefore make it unfit for many uses. They advise using paper twine, as suggested by the Wool Growers in all their shippers, or if this is not available the using of the neckpiece, which is twisted into a rope and passed once around the fleece which is then tucked in. Standard wool sacks which hold from 15 to 25 fleeces are advocated for packing the wool in after it is shorn, or if not available, really clean bran sacks. Tight packing in these sacks is very essential as it means less shrinkage in weight. Store wool in a dry place until sold.

School Cadets Commended

Lacombe School Cadets were highly commended upon the efficiency of their drill work by Major L. W. Miller, Cadet Inspector of Alberta, who spent Friday morning inspecting this unit. Major Miller also congratulated Principal W. B. Pappas and Mr. R. J. Wright, instructors, on the good showing made by the boys. Ray Trotter and his signal corp merited high commendation, Major Miller giving them a 100 per cent report. Officers of corp are: J. McDonald, R. Bashie, E. Todd and B. Harrington; Drummer, B. Harrington.

Speaking of the Camp, Major Miller said it would be held either at Morley, South of Calgary, or at Gull

Care of Sheep at Shearing Time

With wool providing a very important proportion of the total revenue from sheep and with this product sold on a graded basis as it is in Canada, it is important to exercise care at shearing time, point out officials of the Canadian Co-operative Wool Growers. Clean wool, free from chaff, burrs, dung locks, binder twine and other foreign material and also from the short black hairs found growing on the head and legs, is worth decidedly more than wool not so carefully cared for. With the weather warming up, those sheepmen who are anxious to get a good coat of new wool on their animals before the fall fairs open are shearing now, although this work will not become general in the East for six weeks yet and in the west before the first of June.

Nowadays sheep are seldom washed before shearing. Washing did not get rid of all the grease and foreign material, and the wool had to be scoured when it reached the mills anyway, so today the work of washing or scouring is generally left to the mills and the general practice is to sell the wool in the grease. There were many disadvantages to washing on the farm, anyway, one in particular being to get the wool into nice shape for shearing. Furthermore, there is nothing to be gained financially in selling washed wool as against unwashed.

They come to SEE— They stay to BUY..

THOUSANDS come to see De Soto Six because any automobile sponsored by Walter P. Chrysler is a magnet to those who look for the latest and finest in fine cars. They stay and many of them buy because the De Soto Six exceeds their expectations of what even a Chrysler-built car could give for so moderate a price.

They find a roomy, comfortable car—stylish, distinguished—with ample power and speed, rapid yet smooth acceleration and exceptional safety due to four-wheel hydraulic brakes.

They see those evidences of Chrysler craftsmanship which assure long life, easy maintenance, low running cost and a satisfactory re-sale value. And they find all these distinctive attributes of Chrysler Motors quality at a price well below \$1500.

See De Soto Six and drive it. There is no obligation. Come in today.

The invisible difference

Many motor oils look alike, but there is a vast difference in the way they perform. Unfortunately this difference is difficult to detect.

The invisible difference which makes one motor oil better than another must be inherent in the crude from which it is made.

There you have the reason why Marvelube gives better engine lubrication than oils refined from ordinary crudes. Imperial Oil searched the world over for a better crude—and in South America they found it. From it they make Marvelube—a pure, carbon-free, full-bodied oil that resists the extreme heats and pressures of modern engine operation.

Aircraft operators prefer Marvelube because better lubrication means greater safety and longer intervals between overhauls. Motorists prefer Marvelube because it is the ideal oil for modern motors. It ensures greater power, greater flexibility and greater economy.

There is a grade of Marvelube refined to meet exactly the specifications of your car. Consult the Marvelube Chart at Imperial Oil service stations and dealers.

In Early Britain...

We have traced the art of Brewing from the Greeks of 500 B.C. up to Ancient Rome. The Roman soldiers introduced it to the early Britons. Previous to their invasion the usual drinks of the early Britons were water, milk and mead (an intoxicating drink made with honey). Beer being so suitable to the climate, and so easily made by an agricultural people with plenty of corn, it was gladly welcomed and soon became the national beverage, being the popular drink even to this day.

Today Malt Beverages BEER—ALE—STOUT are considered Health Drinks.

Where BEER has once been introduced, it has generally become the national beverage.

Exhibit Canadian **Made Products**

Arrangements are well under way for the big exhibit of Canadian made products to be held under the auspices of the Loyal Temperance Legion Band on Saturday, May 24th. Numerous contributions have already been received from a large number of manufacturers and nothing is being left undone to make the exhibit as complete as possible.

From 2.00 to 2.30 p.m., this exhibit will be open for inspection in the Rest Room, after which time the goods will be sold—orders will be taken in the meantime, if desired, the proceeds to be placed in the L.T.L. Treasury.

Tea will also be served by members of the L.T.L. from 3.00 to 4.00 p.m.

L.T.L. Members, Attention! A cake contest is being held in connection with the "Made in Canada" Sale on Saturday, May 24th. All members entering this competition will please have their cakes at the Rest Room, sharp at 2.00 p.m. ready for judging.

The regular meeting of the L.T.L. will be held on Sunday, May 25th, in the School Room of St. Andrew's Church at 3.00 p.m. A full attendance is requested.

Interesting Talk **on Canada**

Rev. T. H. Chapman in a splendid address on Canada before the members of the Women's Institute at the regular meeting on Saturday afternoon, briefly outlined important events of historical interest to Canada. Beginning from the time when John Cabot first sighted the Eastern shores, Mr. Chapman carried his hearers along through the struggles and triumphs of the early settlers to the time of Laurier, the Division into Upper and Lower Canada, and Confederation. Outstanding events since then have been the building of the C.P.R., the creation of the two new Provinces, Saskatchewan and Alberta, the World War, enlargement of Manitoba, Ontario and Quebec; Confederation celebration, appointment of Vincent Massey to Washington, and the appointment of Canada's first Minister to France. In conclusion, Mr. Chapman appealed to the women to both study and teach more about Canada, geographically, historically, politically and economically, so that they may be more intelligently put to use their newly-acquired strength and power.

A hearty vote of thanks was given the speaker for his interesting address.

A heavy agenda of business was also disposed of. Mrs. Sherer was appointed as a delegate to represent the Lacombe W.I. at the Provincial Convention. A letter from the Department of Health stated that a Child Welfare Clinic would be held in Lacombe on June 10th and 11th. All children under six years of age may be examined free. A social cup of tea ended a very pleasant meeting.

THE owner quoted above has been driving automobiles for 15 years, and has an intimate knowledge of motor car performance and value. Yet his enthusiastic comment merely typifies that of thousands who have turned to McLaughlin-Buick after making their own exacting tests.

Not only have motorists in all parts of the country accepted McLaughlin-Buick's invitation to get behind the wheel and get the facts about McLaughlin-Buick performance... but they have entered orders for more than twice as many McLaughlin-Buicks as any other car at or above its price.

Be sure to drive a McLaughlin-Buick! Try it in traffic—on the straightaway—up the steepest hills. The more thorough your tests, the more careful your comparisons—the more inevitably will they lead you to McLaughlin-Buick! See us.

The Lacombe Baseball Players are holding nightly practices at the diamond east of town and ask all interested in baseball and who can play at all to turn out to these practices. The boys are trying to organize a good team and if you play ball, get out your glove and give them a hand.

Leon Dunphy, son of Mr. and Mrs. Dunphy, Lacombe has been missing since yesterday morning. Several search parties were out all late last night trying to locate him, but up to the time of going to press, no word has been received as to his whereabouts. It is thought, however, that that he may have caught a ride with a tourist going south.

The Canadian Junior College orchestra, under the direction of Mr. W. G. Wood, will give an orchestral concert at the Rex Theatre on the evening of May 22. This organization has played in a number of towns up and down the line and has always been received with much enthusiasm. Those who attend will not be disappointed. Besides the orchestra numbers there will also be some vocal and instrumental solos. Watch the paper next week for detailed announcement.

A meeting was held on Monday evening of Lacombe Soccer Players and their main business was carried out, namely the selection of delegates to represent Lacombe at the meeting in the Adelphi Hotel, Lacombe, of all the delegates of the five teams of the C.A.F. The delegates chosen were Fred Gale and Neil McClellan. The other delegates represented Wood River, Ponoka, Red Deer and Leocore (Condon). The delegates under the leadership of J. M. Buchanan of Ponoka drew up the schedule of games and games for each team on the home grounds and four away, making a total of twenty games to be played. The games at Lacombe take place on May 22nd, May 31st, June 7th and June 26th. J. M. Buchanan was elected President of the League. E. R. James, of Wood River, Vice-President, and Chas. Sansbury, Secy-Treas.

SPRING TIME ON THE LAKE

The Lake now like a stretch of broads lies Unwound and spread, Flecked by the radiant hues of sunset skies, Azure, grey and red. The clear green water ripples o'er the grass, When silently the evening zephyrs pass Along the shore.

In the still air across the watery trail And o'er the lea, The wild-fowl's cry is heard, the duck or quail, In contentment. And silver plovers dance upon the tide, While water-wagtails run where shallows glide By sandy bars.

Between the bronze-green branches of the trees In vivid fire, And through a purple haze the camper sees The sun capsize; But on the Lake the silver moonbeams play Like happy children on a summer day With paper fleet. Margaret Lamb Scouler Bentley, Alta.

FORTY-FOOT GIFT FOR RIDEAU HALL

The totem pole is one of the finest examples of Indian art. Right, Their Excellencies Viscount and Lady Willingdon, and the C.M.R. "Princess Norah" on which the first vice-regal tour of the west coast of Vancouver Island was made.

When Viscount Willingdon, Governor-General of Canada, and Lady Willingdon visited the West Coast of Vancouver Island on the inaugural cruise of the new Canadian Pacific steamer "Princess Norah" two new epochs were marked for that far-flung corner of the Dominion.

It was the first time that a Canadian Viceroy had ever seen, and in turn, been seen on the rugged coast that is now looming as one of the nation's important industrial and tourist regions; further the arrival of the Norah brought the most luxurious passenger steamer ever to ply in regular service in West Coast waters, now to be the permanent run of the staunch little Clyde-built vessel.

The West Coast had decked itself in gala attire for the visit of the great white chief from Ottawa, tremendous excitement prevailing among whites and Indians alike at the various ports of call. Local interest was heightened by the fact that Their Excellencies cast formally to the four winds, and entered into the spirit of the many receptions and celebrations with a zest not executed by any tourist on the coast. Incidentally, Lord Willingdon intimated, after the ter-

mination of his voyage that it the council hall, and Chief Jack, another of the Nootka Band, mounted the pedestal to deliver an impassioned peroration in his native tongue. His Excellency stood attentively until the Indian Chief had finished his speech, taking it, probably, for the usual honeyed words of welcome. His astonishment and that of many of the chief's hearers was great when "Billy" Lord, well-known industrial leader on the west coast, acting in the role of unofficial interpreter, told His Excellency that Captain Jack had presented the big forty-foot carving as a gift. Significance of the gift lies in the tremendous value which the Indians themselves place on their historical totems. It would have been a somewhat parallel case, one of the men familiar with west coast customs said, if a white man, on being visited by vice-royalty, had with one magnificent gesture given away his home and the greater part of his fortune. Their Excellencies, smiling, accepted the gift with delight, and announced that plans would be made to have it removed from its present historical setting to Rideau Hall as soon as possible.

Imp Sayings

A Column of Fun and Facts for
Lacombe Folk and our Farmer
Friends

A young man from Minnesota is claiming the championship of something or other because he ate 53 spring onions at one sitting. As a first prize we would suggest that some kind drugist present him with a bottle of Listerine. Phew!

The best town — your home town. Ambition delivers the goods.

A farmer's work is always a race against time. A good tractor is always ready for emergencies. A McCormick-Deering Tractor takes away a lot of drudgery and makes farm life happier, as well as more profitable.

Feed Proof
Spring is the season when the sap in the timber bleeds. He sap in the flivver from starting fires. If you need a good Cultivator or Disc Harrows get a McCormick Deering.

A woman may diet at home, but she never diets at hotels where they charge sixty cents for a dish of ice cream.

Farming by old methods is hard, hard work, but thousands of farmers are fighting their way clear of the worst of it by using reliable McCormick-Deering Tractor power and equipment.

Poor Gads! She thought the doctor was trying to flirt with her when he told her she had acute appendicitis.

With a McCormick-Deering Drill, every seed is planted right in even furrows, at the proper depth and covered with the right amount of dirt.

No, it never can be done. If we all were to love our neighbors as we love ourselves the flattery would be sickening and there'd be nobody to blame anything on.

Bentley News

Mr. and Mrs. H. Thorp were in Calgary the most of last week enjoying a holiday.

An epidemic of measles is at hand in Bentley and District.

The Ladies' Aid of United Church held their regular monthly meeting for this month at the home of Mrs. Hunter on Thursday afternoon last.

A fair crowd was in attendance and quite a lot of business was disposed of after which the hostess served tea.

We were in error last week in reporting that the Lockhart W.I. donated a dinner service to the shower given for the benefit of the Loren Craig family after their disastrous fire. It should have been credited to the Lockhart Community.

Thorp Bros. have sold their moving picture business to Lacombe parties. They will continue to operate for a short time until the management takes possession.

Mr. Osgood who has been occupying his house in the village moved last week and will make his home with his daughter, Mrs. J. B. McPherson east of the village. He has been quite seriously ill, but is reported as improving at the present time.

Miss Calder arrived from Edmonton last week and has taken up residence in the Osgood house. She comes here so as to be near her niece, Nurse Terry. We welcome her to the village.

The C.G.L.T. group of girls held their first Mother and Daughter banquet at the Club rooms on Tuesday evening, April 30. About forty-five were present. Owing to a few of the members being under quarantine for measles the circle was incomplete, but those attending report a very pleasant evening. After the company had done ample justice to the sumptuous repast, Miss Edna Evernden proposed the toast to The King and country. It was replied to by singing the National Anthem and O Canada. Miss Fern Dameron then proposed a toast to The Church, to which Rev. Howarth replied. The toast to The Motherhood proposed by Joan Howarth was replied to by Mrs. Moroch. The Junior members of the group rendered a couple of Pantomimes under the direction of Miss Edna Evernden. The evening closed by singing Auld Lang Syne.

About fifty tax payers were present at a public meeting at the community hall on Monday evening, May 6. The meeting was called by the village school-board for the purpose of discussing the school situation.

With about ninety pupils attending school and about twelve or fifteen more to enter the primary room next term and only a two room school, it has become apparent to nearly everyone that something must be done to

relieve the situation. For several years the high school Grades IX, X and XI were taught here, but for the past couple of years grade XI has been discontinued and this year grades V to X have been accommodated in one room, owing to the crowded condition of the lower room. No satisfactory building being procurable, the present school board deemed it unwise to take steps to hire another teacher, although some seven pupils were refused admittance to the High School last September. O. F. Dameron, chairman of the School Board presided and reported an interview at Edmonton last week with Mr. Ross, Deputy Minister of Education and Mr. Gorman, Chief School Inspector. The question was discussed from every angle. The probable cost and advantages of building a separate two room school on a separate location, the adding of one or two rooms to the present school or the building of an entirely new building were all taken note of. However, in view of the fact that there is expected to be a thorough and drastic revision of the school act at the next session of the Legislature, it was finally voted almost unanimously that if suitable arrangements could be made with the hall management that it be rented for

High School purposes, thus giving the village the chance to be free to conform with any changes made. If this is done the XI grade will probably be taught again and outside pupils admitted if suitable arrangements can be made regarding tuition fees. The United Church are preparing a special Mother's Day service for next Sunday evening.

Rev. Tate, former pastor of the United Church was here last week.

Board of Trade Luncheon May 11th.

C. A. Hayden, President of the Alberta Fish and Game Association will be the speaker at the next Board of Trade luncheon to be held on May 11th. This will be one of the most interesting events sponsored by the Board of Trade. Anyone interested in this subject is invited to this luncheon. Be sure and keep this date open. Mr. Hayden will discuss such questions as the stocking of Gull Lake with game fish and the introduction of game birds in this district.

Golf Notes

Players will see that fees are paid by the 20th of May. Fees are as follows:

Men \$15.00; Ladies \$10.00; Man and Wife \$20.00; Students \$5.00.

The officers of the Golf Club want to point out the damage being done on the fairways by players not replac-

ing divots. This must be watched closely, otherwise the fairways will be destroyed. Anyone cutting the turf must replace the turf before moving on. Notices to this effect are being placed on each fairway and the co-operation of the players is asked.
